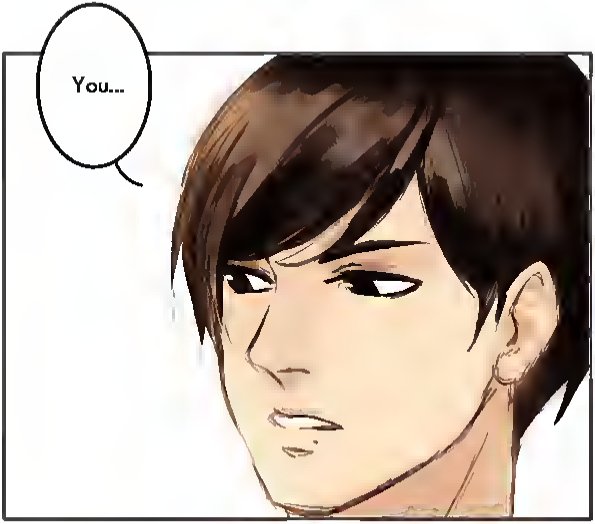
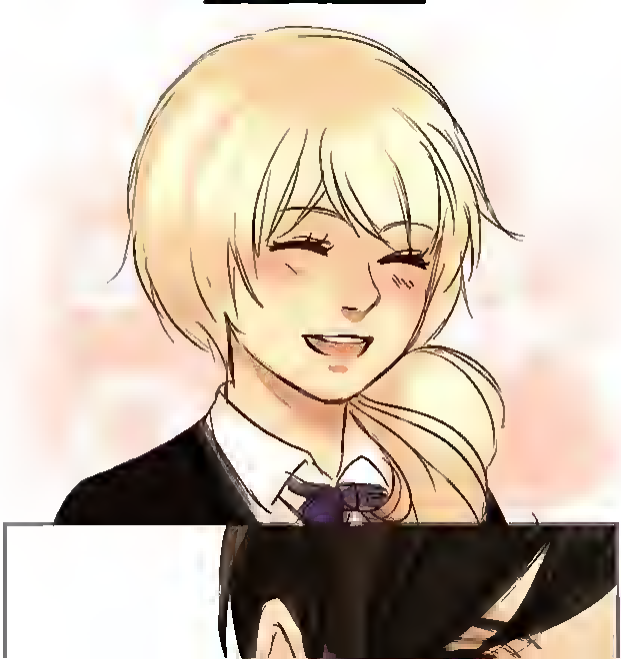
where
Tangents
meet

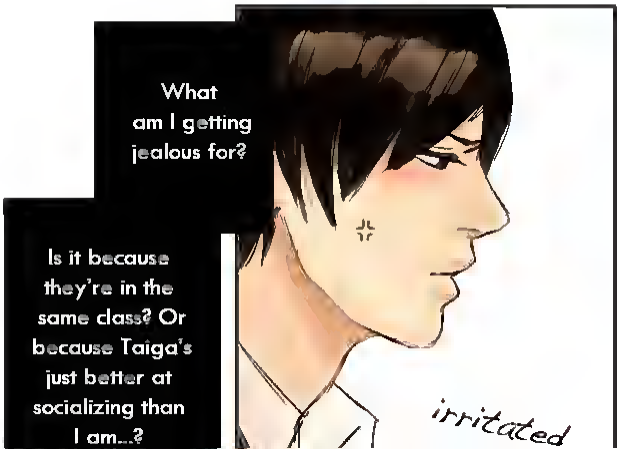


You...

Hey, Blondie. It's been a while.
Hos it? We're in the same closs though, Taiga.
giggle
Welp. I guess thot goes to show how much I poy ottention in closs.

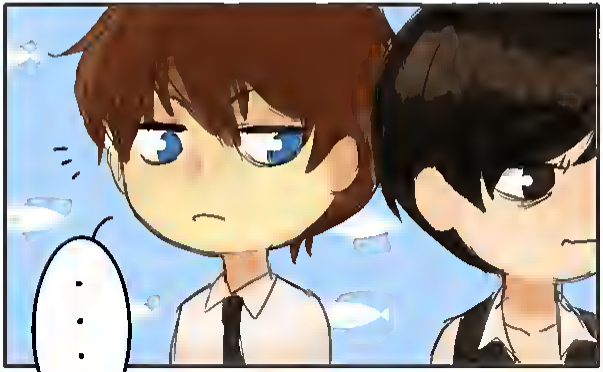
Huh.
They seem
rather chummy
with one
another.





What am I getting jealous for?
Is it because they're in the same class? Or because Taiga's just better at socializing than I am...?
irritated

why couldn't I have been born a year older?



I have to go ond take core of something. Do you mind wotching over Donny for me, Blondie?

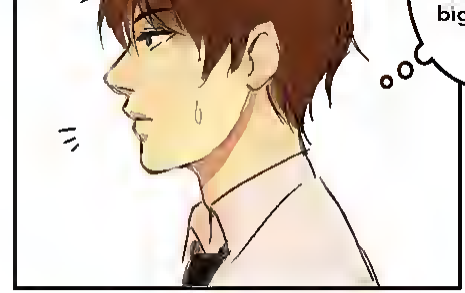
Pftt- Okay, I'll watch over "Donny."
Hey-- Don't call me "Donny," It's "Dindin"-- I mean "Landon!" IT'S "LANDON."

This is what happens when everyone butchers my name...
DEFEAT
Donny, Dindin, Derp, same difference. See you guys.

Bye,
Taiga~!

Geez
...

That kid is
owes me



big time--

Hey, Ros!
?

Heading

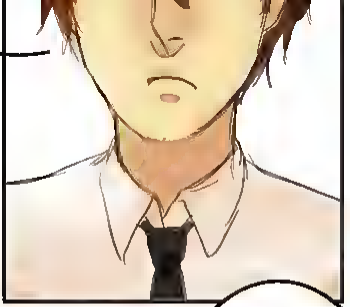
somewhere?

Yeoh, I'm going over to the Council room right now.

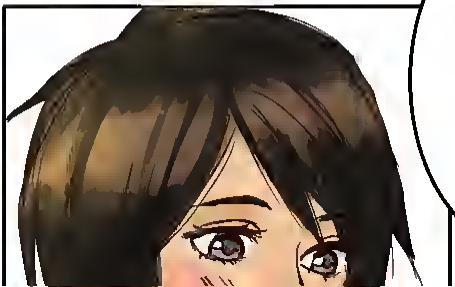
Huh. Is work getting

busy?

Do you hove to skip school for a few weeks agoin?

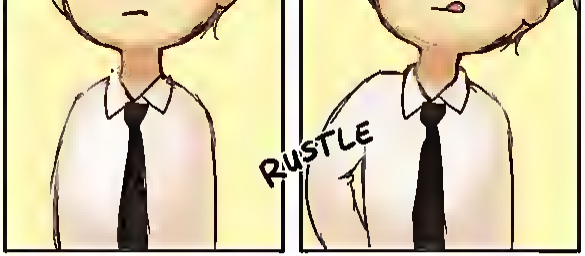


Oh--
No, not this time. Actuolly, I've olreody been given permission to hove my next interview on campus.



It seems a lot of people are interested in attending, so I thaught...Why not make it a charity event?

I hove the detoils orgonized in this folder. I'm going to try to propose the ideo to the Student Council first.



RUSTLE

Cool. I have something to turn in too. I'll go with you.

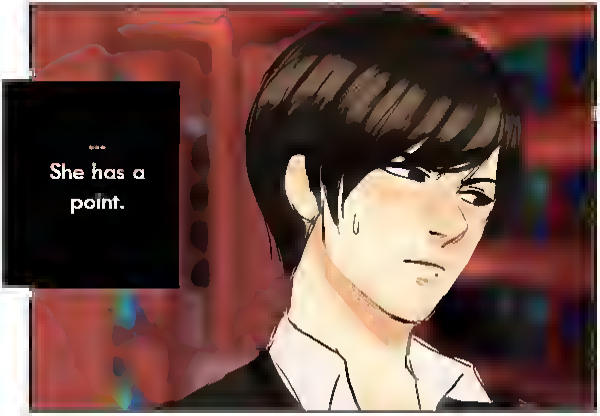
wrinkled
Sure!

Score!

hehehe

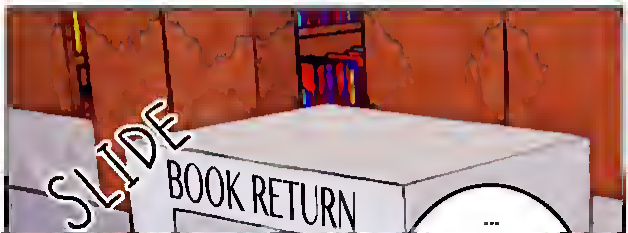
You called yourself "Dindin."
Would you drop it already?

I blame you for calling me that so often. Why don't you ever call me by my *actual* name, anyway?
Well, I could ask you the same thing. You never call me by my name. You always address me as "weirdo."

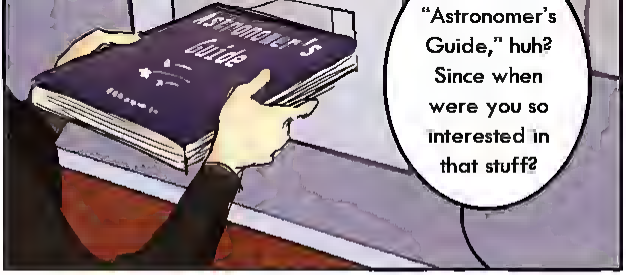


...
She has a point.

...?



SLIDE
BOOK RETURN
...

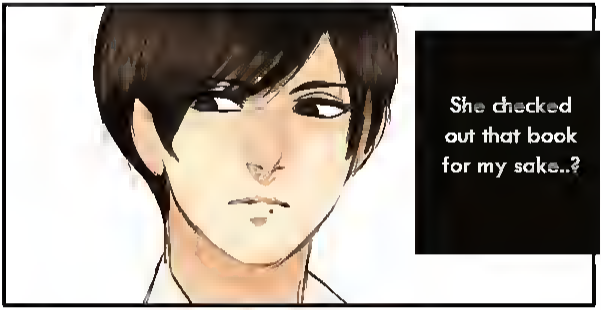


Astronomer's Guide
"Astronomer's Guide," huh? Since when were you so interested in that stuff?

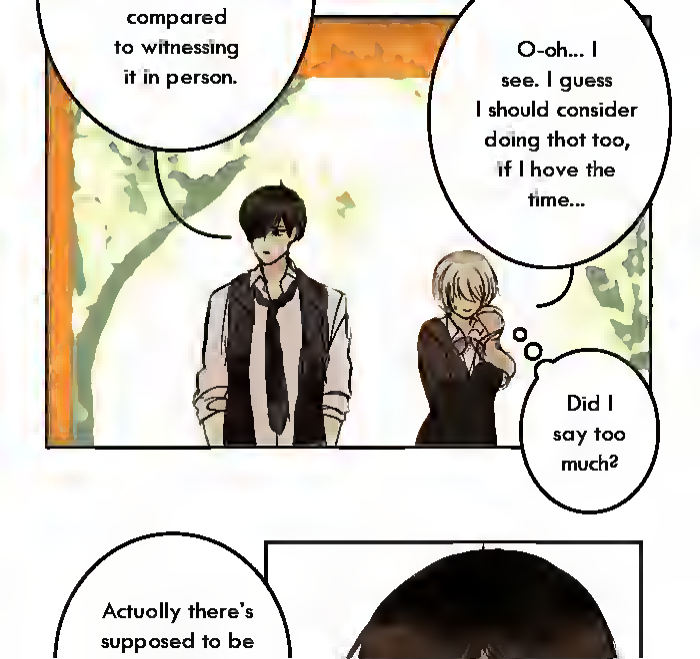
Shoot... I was hoping he wouldn't notice.

W-well... Th-thot is... I wos curious, so I decided to do some research on my own.
You always seem so hoppy ond enthusiostic when it comes to spoce related things after oll...
I thought moybe it'd be

fun if I could talk to you about it some more...



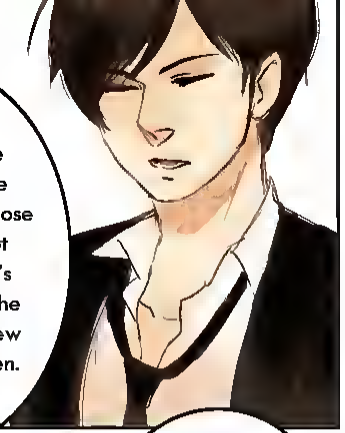
... Looking at images and diagrams are different



compared to witnessing it in person.
O-oh... I see. I guess I should consider doing thot too, if I hove the time...
Did I say too much?
Actually there's supposed to be

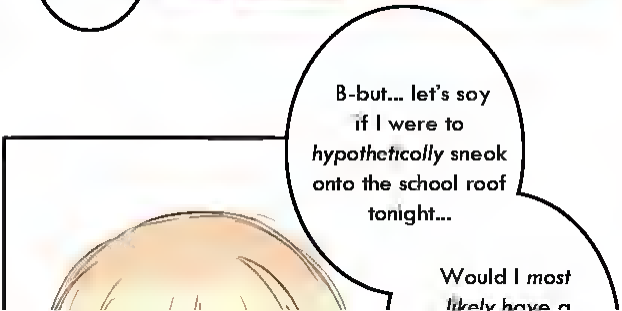
a meteor shower for the next few doys.

It'll be o little difficult to see since we're so close to the city, but luckily tonight's o new moon. The best time to view it would be then.

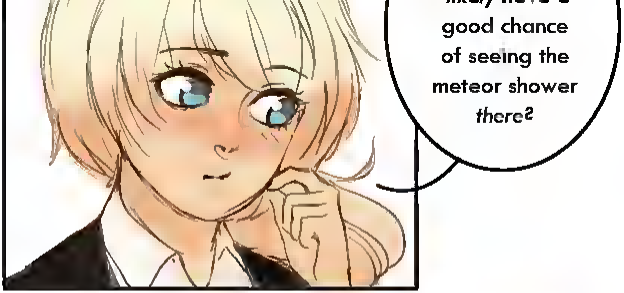


However, unfortunotely for us, we hove closs the morning ofter, so it's probobly not the best ideo to be sneoking out ot

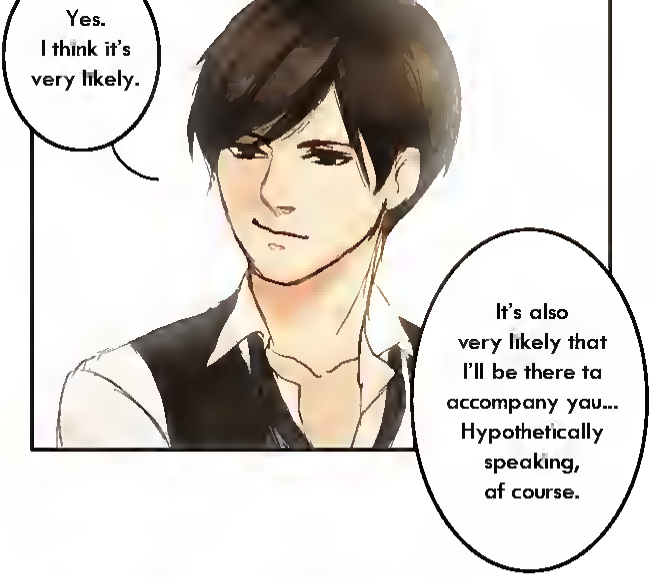
night, you know?
Ah,
I see.



B-but... let's say if I were to *hypothetically* sneak onto the school roof tonight...
Would I *most likely* have a



good chance
of seeing the
meteor shower
there?

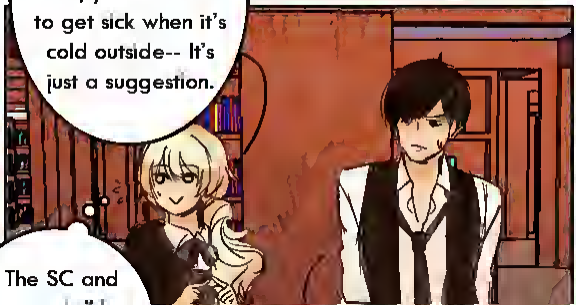


Yes.
I think it's very likely.
It's also very likely that I'll be there ta accompany yau... Hypothetically speaking, af course.

giggle
Well, if you were to go, I hope you'll choose to dress warmly. It's been getting colder, you know, and dressing like that won't do you any good at all.
Says the girl

who forgot her jacket last time... And are you implying that there's something wrong with how I wear my clothes?

I-I'm just saying, if you show so much skin all the time, you're bound to get sick when it's cold outside-- It's just a suggestion.



The SC and

I were talking obout his ottire eorlier..

Wow. You're so considerote.

Alright, Since you're so sensible...

GRAB

Hm?

Won't you show me the proper way to "cover up"?

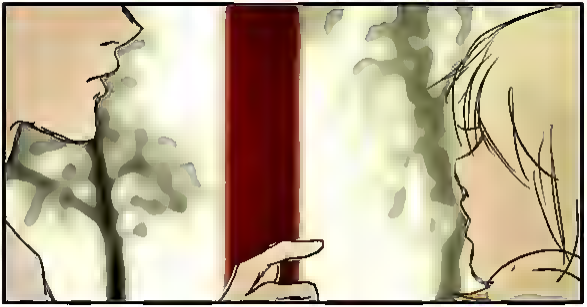
A-aaa--

?!

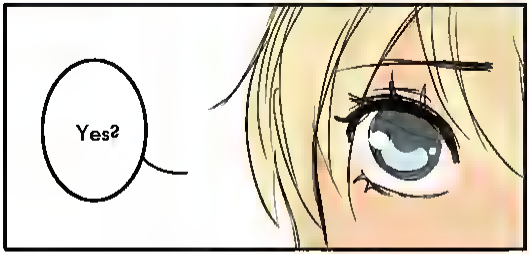
pft
Teasing.

!
Y-you're

unfair...
I know.



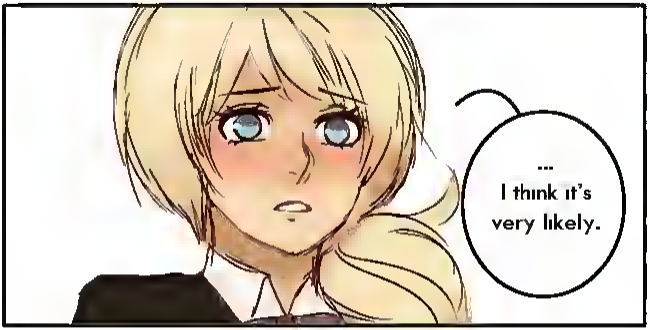
...
Rachelle?



Yes?

Hypothetically speaking ...

Do you think there's a chance that you could fall for me?



Although...

I'm not quite
sure if I should

hove told you
thot...
